RETAILER INCENTIVE PROGRAMS FOR APRIL - JUNE 2019

Qualification goals for this quarter were still being established as Game Line went to press. Please consult with your Lottery District Sales Representative for this information.

CASHLESS BONUS COMMISSION

Retailers who achieve their quarterly sales goal(s), accept debit and credit for Lottery product purchases, and have three pieces of Cashless POS displayed, will be entitled to an additional 1% Cashless Bonus Commission for sales. The Cashless Bonus Commission is NOT a qualifier for the 1% bonus commission. It is a separate qualifier for an additional 1%. If retailers meet all of the Incentive Program requirements and qualifiers as described above AND they accept credit and debit cards, they could earn 1% Retailer Bonus Commission award AND 1% Cashless Bonus Commission for a total of 2% bonus commission. It is the retailer's responsibility to obtain their incentive number before the end of the quarter and track their progress to their incentive goal.

For questions, please contact your District Sales Representative (DSR).

2018 TAX INFORMATION MAILED IN LATE JANUARY

Retailer sales and commissions statements were mailed at the end of January. Duplicate commission statements can be requested by calling 517-373-6001.

NEW WIN INDICATOR DEBUTS APRIL 30!

The two new Pull Tabs tickets launching on April 30 (Mammoth Money and Lightning Cash) will feature a new highlighted starburst behind the symbols in a winning row and an enhanced win indicator. These design changes are intended to help players identify winning tickets while continuing to deliver a fun winning experience. It will have no effect on the validation process for Pull Tabs tickets.

On winning tickets, **HIGHLIGHTED STARBURSTS** will appear exclusively behind each of the three winning symbols found in any horizontal row.

Winning tickets will also feature a highlighted dollar amount next to the word **WIN**.

Pull Tabs games launched prior to April 30 utilizing arrows to indicate a winning ticket will still be in circulation and available to licensed Pull Tabs retailers to order as game inventory is sold through. Until such time that older ticket inventory is depleted, Pull Tabs games featuring both winning ticket indicator types will be in the market at the same time.
